Jointly funded by State and Commonwealth Governments

Carers SA is a business name of the Carers Association of SA Inc

Help is there for those who care

Who We Are, What We Do.

Our mission is to promote, assist, empower and enhance the lives of Carers.

About Carers SA

Are you a Carer?

If you provide care and support for your parent, partner, child or friend who has a disability, is frail aged, or who has a chronic mental or physical illness then you are a Carer and may be eligible for support.

Carers SA, an affiliate of Carers Australia, is the peak organisation that represents the needs and interests of the State's 227,000 plus Carers. More than 14,800 Carers in SA are under the age of 18 (ABS). Established in 1989 by a grassroots movement, the Association is a not-for-profit incorporated community based organisation with a membership in the thousands, most of whom are individual carers.

Carers SA functions as both a representative body and a service provider. Working directly with Carers, the Association initiates research and gives 'a voice to Carers' at a State and Federal level for changes to government policy affecting the health and well-being of Carers - who together save the State Government and estimated \$2 billion plus worth of care per annum.

Becoming involved in Carers SA

Realising you are not alone is important. Linking with other Carers can help you to get the supports and service you need to successfully manage your caring role and the associated responsibilities. By becoming a member you can receive up to date access to Carer SA's information and support networks, including programs designed to specifically meet the needs of Carers.

Membership packages are available to Carers and past Carers, Carer organisations and support groups, non-Carers and other organisations.

Our Services and Programs

Accessing timely and appropriate services can make all the difference to a Carer's health and wellbeing.

Carers SA offers a range of services across the State to support family Carers of all ages and Indigenous and culturally diverse backgrounds.

Regional Carer Support Programs

Through our regional programs we link Carers to networks of mutual supports and services established at the local level to support people in their caring role.

Information and Support Services

Our free specialist information, resources and supports include a front line information line for Carers (Free call 1800 242 636), funded by the Commonwealth Government. Trained staff provides specialist information, referral and advice on services for Carers. We also assist health professionals, service providers and the general public with the latest information on all aspects of caring.

Commonwealth Respite & Carelink Centre

With caring being a 24-hour, 7 day a week job, the health and well being of Carers is paramount. Carers throughout the state can access respite through its 24-hour service (Free call 1800 059 059), Carers SA is the auspice for the service provided in the southern country region only.

Carer Counselling Service

Being a Carer carries with it significant emotional and physical demands. Carers throughout the state can access a qualified counsellor in their region for face-to-face counselling at minimal cost, thanks to funding by the Commonwealth Government. For more information about our counselling service contact Free call 1800 242 636 and talk it over.

Young Carers

Carers SA works with the community and in schools to encourage the support and recognition of young Carers, including 'hidden' young Carers. Our website features important information to assist, connect and support young Carers. www.carers-sa.asn.au/yc

If you know someone who is a young Carer please call our specially trained staff to talk it over.

Our other programmes for family Carers include:

Carer Retreats – providing for local groups of Carers to get away and take a break

Conferences and Events

Community Awareness – Carers Awareness Week in SA

Education and Training – education and training for Carers and service

Mental Health Carers – support, advocacy, and workshops

Carers SA in the provision of its services is committed to providing for the diverse cultural needs of family Carers.
