Supporting Family Carers

## About Carers SA

Carers SA was formed in 1990 by family Carers for family Carers in order to:

*"Promote, assist, empower and enhance the lives of Carers in South Australia".*

We work to do this by representing and advocating for Carers while providing a range of practical, emotional and social support including:

- Counselling & Advisory Service
- Respite & Transport assistance
- Education & Training
- Carer Retreats Program
- Peer Support & Social Events
- Members' Quarterly Newsletter
- Support for Mental Health Carers
- Indigenous & Multicultural support

Over 227,000 South Australians provide care for a partner, parent, child, friend or relative who has a disability, is frail aged or who has a chronic physical or mental illness. The work done by family Carers provides vital support to those most in need in the community.

Caring can be a demanding, stressful, isolating and often unexpected experience. Carers SA is here for Carers working to improve Carers' quality of life and is helping them get on with the important work of caring for loved ones.

## Memory Gifts
