

Disability Statement

Carers SA's Disability policy specifically recognises that people with a disability need to be able to access the services of Carers SA.

Carers SA is mindful of the physical, social and planning barriers to access for carers with a disability and is committed to continuously improving our practices to provide the best level of access. Carers SA's policies affirm respect for people with disabilities and recognition of their rights. Carers SA is committed to meeting the provisions of the Disability Discrimination Act (Commonwealth) and the Equal Opportunity Act (South Australia) and to ensure that all clients, whether carers or consumers, are treated equitably and receive the services they need within funding guidelines.
